

StudentVUE

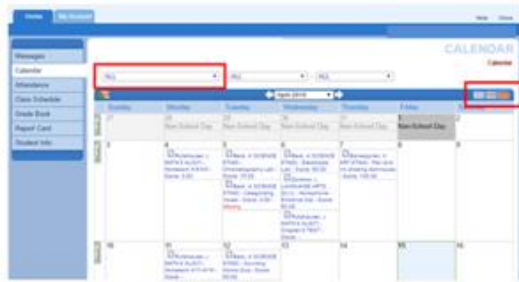

StudentVUE is a Web based, secure communications tool that allows students to participate more directly with their school information. StudentVUE provides online access to the following information:

- Calendar
- Attendance
- Class Schedule
- Grade Book
- Report Card
- Student Info

(NOTE: at this time, the Messages tab contains no information). Below you will find more detail about each of these areas of information.

CALENDAR

Students can see their assignments by day, week or month by choosing the appropriate icon in the upper right hand corner. Students can see assignments by individual class by selecting the appropriate teacher from the drop down menu to the far left (see boxes in screen shot #1). The other two drop down menus must remain set to "ALL". Clicking on a specific assignment brings up an Assignment Detail box (see screen shot #2).

ATTENDANCE

Students can see their attendance in either List View or Calendar View (see boxes in screen shots below). List View will show absences and tardies by day and by period during that day. Calendar View will show tardies and absences on the date they occurred. Clicking on the icon on a specific date will give more detail on the absence (ex., which period(s) they were marked absent or tardy on that day

GRADEBOOK

Students can access their individual classes to see a list of graded assignments. The current term will show by default, but other terms may be selected and viewed by clicking the appropriate link (see screen shot #1). Once the correct term is selected, students can click on the course title link to see the list of assignments for that class (see screen shot #2).
